SMART LOCK

# Simple management Easy to check in

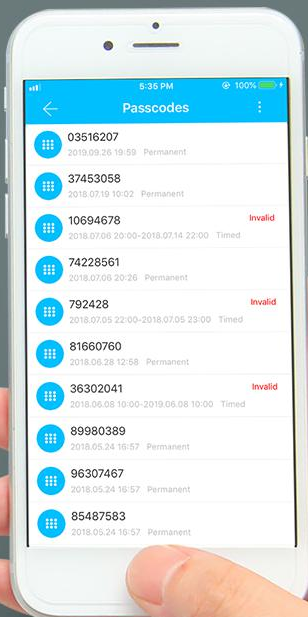

Appropriate scene - Apartment / Homestay / Hotel

ttlock App

# Time-limited passcode

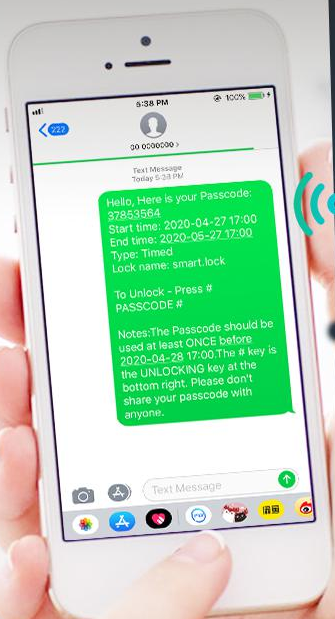

Send one-time passcode via App to facilitate tenant access

ttlock App

# Time-limited passcode for all your family members

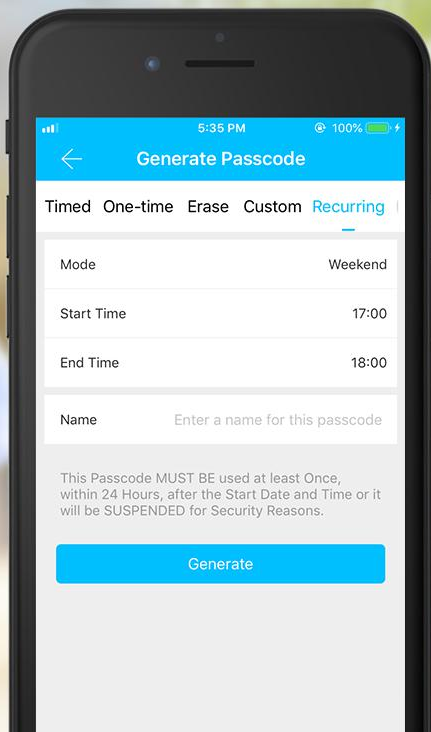

Send one-time passcode via App to facilitate family members and friends access

ttlock App

# Cycle passcode

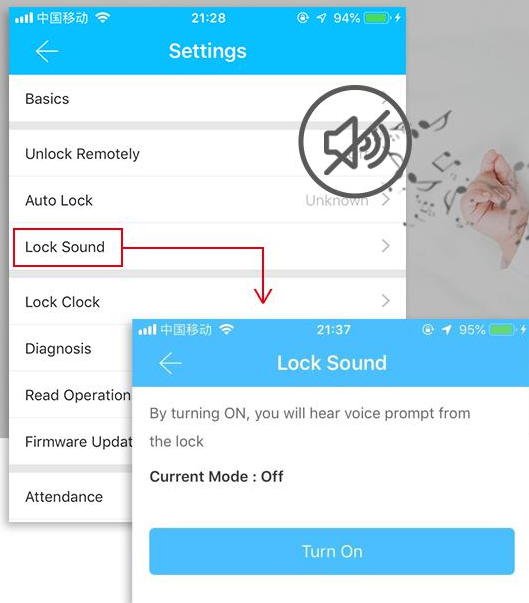

Cleaning staff enter the house to clean within a specific time period

ttlock App

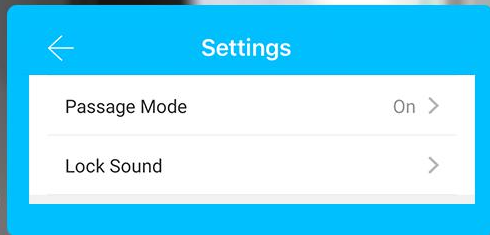

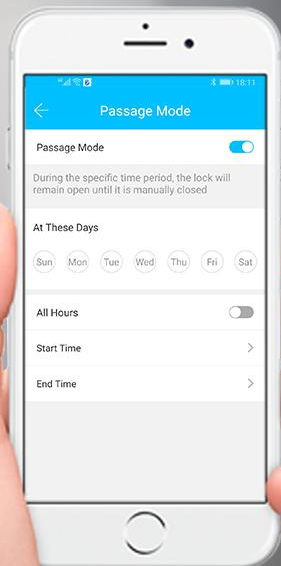

# Silent mode

Turn on or turn off the lock sound as you like.  
If you have little child or often enter and exit you home late at night, you can set silent mode for your family.

## Passage mode and private mode are interchangeable.

Easy setting from APP Set passage mode on specific date, even hours as you like.

# Multiple alarm

If the door lock is pried open, it will make a loud noise to scare off the burglar and give the house owner a notice to call the police in time.

Anti-skid alarm

Low power alarm

Office use

# Open mode

---

You can open the door by pressing the handle directly. When you close the open mode, you need an authorized passcode or fingerprint to unlock the door.
